

Jeanneau Sun Odyssey 379 Upcoming Syndicate By Yachtshare Starting November

This Jeanneau Sun Odyssey 379 (launched 2012) is an exceptionally well equipped 3 cabin version in great condition

She has a shoal draft wing keel (drawing 1.65 metres T) which is great for shallow water cruising and keeping out of the swells at anchor.

Her modern and balanced Marc Lombard design, with hard chines and wide beam, extending right to the transom, creates stability and enhances her interior volume. The long water line provides great performance under sail and power, motoring at over 7 knots with her folding, 3 blade propeller.

Her twin rudders and wheels make for exceptional balance, easy helming positions and excellent access to the dinghy and swimming platform and ladder.

She has a roller furling 132% overlap genoa, with a conventional mainsail, boom bag and lazy jacks, spinnaker rigging, whisker pole, with all lines led back to the cockpit and clearly marked, making for easy, short handed sailing.

With a custom made bimini and dodger, large cockpit table, Sovereign SS BBQ, deck shower (hot and cold), additional water tankage, wide opening transom, zodiac dinghy with Mercury outboard and stern mounted davit system, she is perfect for entertaining.

There is an extensive inventory of safety equipment included 406 EPIRB, DSC VHF radio, manual and automatic bilge pumps, medical kits and fire extinguishers (4 x 2.5 KG).

She has excellent refrigeration, additional battery storage (fully sealed and force ventilated), 240v shore power and charger, 12 volt HD, LED TV with DVD player and a Simrad sonichub docking station sound system with interior and cockpit speakers.

This boat is fully fitted out with all cutlery, crockery, pots and pans, glassware, linen, pillows, donahs, the lot. It's all there and in excellent, new or near new condition.
